Check one of the following boxes depending on the type of Raw Water tap you want:

- Residential Raw Water Tap: \$2,800** **"Remote" Raw Water Station Tap: \$2,800** **Commercial Raw Water Tap:**
(Commercial Taps start for as little as \$1,500 pending a review by the Board of Trustees)

PAYMENT OPTIONS:

Select from the following and return to Norwood Town Hall, P.O. Box 528, 81423

Payment in full \$2,800

I want to finance my Tap with a first payment of \$350 and 10 additional payments of \$250
Full remaining payment is required 60 days prior to installation of Town water lines.

Please initial the following:

I understand that water can only be used at the address for which the tap has been purchased. Violations make such tap null and void with no refunds.*

I understand that the Raw Water as provided by the Norwood Water Commission (NWC) is for domestic irrigation purposes as allowed by federal law.

I understand that all tap purchases will be provided initial access to the "Remote Raw Water Station" until such time that the tap is hard-lined to their properties. As such all taps are, and remain, as "Remote" taps until such time that funding allows extension of service lines as feasible.

I agree to pay an annual use fee of \$150 per year for unmetered water. Water is to be provided during the irrigation season. Use fees must be maintained each year or tap becomes null and void.

I agree to provide and allow access for NWC employees to install and access a standpipe at my property line and accessed via primary Raw Water lines. Owner to pay for all line extensions beyond this point.

I understand should the project be canceled, 100% of my Tap Commitment fees will be refunded to me within 60 days of cancellation date.

**Only Remote Taps are transferable. A \$100 admin fee will be charged when a Remote Tap is transferred to a different remote location.*
