

Norwood Sanitation District
March 11th, 2021 - Regular Meeting
Norwood Town Hall 6:30 P.M.

be interested in making an offer to take it over or if we would be interested in taking it over for a monthly fee. Tim states that the State of Colorado requires a redundancy and that it did not fall under the criteria previously. If we take it over then the monthly rates would have to happen. We have to have an engineer look at it. The flow line is to the District's specifications. The State also requires a generator on any kind of pump station. Bernice says she will tell Todd about all of this and let them know that when they have a plan they can bring it to Norwood Sanitation District.

-Patti presented a proposal to raise the rates for NSD. We currently charge a monthly EQR of \$19.50 for In District customers and \$24.50 for Out of District customers as well as a monthly Right to Serve fee of \$5. The proposed rates would increase the EQR rates by \$1 monthly and increase the Right to Serve fee by \$1 monthly. This would bring the In District customers from a billing total of \$24.50 per month to a billing total of \$26.50 per month and the Out of District customers from a billing total of \$29.50 per month to a billing total of \$31.50 per month. We will set up a public hearing. **Motion** was made by John Colwell to accept the proposal and hold a public hearing. Glen Colson seconded the **motion** and it passed. **Motion** carried.

Adjourn:

Motion was made by John Colwell to adjourn the meeting at 7:12pm. Bernice White seconded the **motion** and it **passed**. **Motion** Carried Unanimously.
