Community

Molly Radecki
Krys Smith
Miracle Sickles

Keifer opened the meeting at 6:35pm and reiterated the expected meeting “Norms” for the group. (attached)

Molly R. topic for work group discussion was “Drinking and Driving”. Molly was provided 10 minutes to present her concerns without discussing individuals, businesses or the council “sweeping issues under the rug” and that the meeting is to be focused on solutions to “driving under the influence.”

Molly is concerned about the lack of accountability by the Town of Norwood in enforcing the drinking and driving laws. Molly is requesting more education surrounding drinking and driving; especially during Rodeo Days. One major concern is for pedestrians, and the HWY 145 running through the main street of town.

Solutions that were discussed:

CDOT signage

DUI check-points

Team with the San Miguel Resource Center for education

Data Matrix of DUI infarctions

Chief Neesham addressed the protocols in reporting drinking and driving. If you witness an individual drinking and driving you are directed to call 911. Chief Neesham is open to further recommendations and suggestions concerning education surrounding drinking and driving.

Council members expressed a desire to further support education surrounding drinking and driving. The meeting adjourned at 7:00pm.

Approved 11/10/21
Annelle Perri
Town Clerk
