

B. The Applicant is responsible for reimbursing the Water Commission for the Actual Cost of review of the Feasibility Study by the Commission's engineer. If the cost is less than the \$500, any balance of the Deposit for Engineer's Review shall be refunded to the Applicant. If the cost is more than \$500 deposit, the Deposit will be applied against the cost of engineering review and the Applicant shall be responsible for the additional cost.

C. As soon as possible, the Commission's engineer and the Public Works Director will complete a review of the proposed water line extension and make a determination of service feasibility consistent with the Water Commission's Rules and Regulations.

D. Upon a determination that the requested service is feasible, a Customer shall submit a Water Service Contract, in a form provided by the Water Commission and pay the applicable Plant Investment Fee(s).

E. The Plant Investment Fee does not include the cost of the acquisition of easement(s), materials or the installation of water main(s), distribution line(s), meter(s), Service Line(s) or first year's maintenance of main and/or distribution line(s). In addition, looping of lines may be required at Developer's expense.
